

How to Add our Link to Your MySpace Page

Please follow the 5 simple steps below to add our link or banner to your MySpace page.

1. Log into your MySpace page and select "Edit Profile" (see Figure 1).

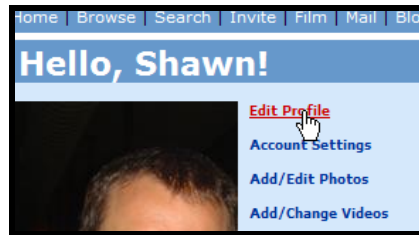

Figure 1

2. Decide where (in which section) you would like the G.A.F.Y. banner or link to be. *For example, if you choose the "Music" section in "Interests & Personality," the G.A.F.Y. banner/link will appear in the Music section of your MySpace page. If you prefer, you can have both your music preferences and the G.A.F.Y. banner in the same section.*
3. Click on this link - <http://www.greatapparelforyou.com/addourlink.htm>
 - a. Select which banner or link you prefer from our many options. *We suggest one of the first two, as they are small, fit well into the MySpace section, and open a new window rather than re-route your friends from your MySpace page.*
 - b. Once you have decided, highlight the code in the left box, right-click your mouse, and select COPY (see Figure 2).

- c. Return to your "Edit Profile" page on MySpace, right-click your mouse in the preferred section from Step 2 above, and select PASTE to insert the copied code (see Figure 3).

- d. Click the "Save All Changes" button at the bottom of the page (see Figure 4).
